

PUPS- PREVENT UNWANTED PETS is a 501(c)3 non-profit organization that was established in 2003. Our mission is to assist people with the spaying and neutering of their pets if they cannot afford to do it on their own in order to decrease pet overpopulation. Veterinarians in eight counties west of Houston assist us by doing the surgeries. We do not have a shelter facility. The animals at our adoption events are in foster homes and are strays from animal control facilities.

PUPS has spayed or neutered **21,263 dogs and cats!** Our average cost per spay or neuter is **\$73.48**. We spay or neuter an average of **255 animals** every month.

We survive on public donations. We do not receive any local, state or federal funding. All donations to PUPS are tax deductible. **100% of donations are used for spaying and neutering.** Our board of directors pays for all overhead expenses. Please help us continue our mission and donate today!

FALL 2017 Newsletter

MARK THOSE CALENDARS!!!

November 10, 2017 "Scrooged"

November 10 we will be showing the movie "Scrooged" at the **Red and White Gallery in Fayetteville**. Everyone is welcome to dress up for Christmas. There will also be a silent auction, food, wine/beer/soft drinks. Save your old photos of your animals dressed up for Christmas, or get ready to make new ones: we will also have a pet photo contest! More information about that event to follow.

PUPS WORLD SPAY DAY SUCCESS

PUPS – Prevent Unwanted Pets – is happy to announce the zero cost spay/neuter surgery offered during the month of February in honor of World Spay Day was a great success. 84 dogs and 72 cats qualified for and were approved for free surgery.

PUPS would like to thank the veterinary clinics, the media, volunteers, and pet owners that helped make World Spay Day 2017 a local success. When a community takes care of its problems, everyone benefits

While we are proud to participate in World Spay Day 2017, our low cost spay/neuter services are available to the public all year long. Our goal is to continue to raise awareness about the problem of pet overpopulation and make the solution accessible to everyone. For more information on low cost spay/neuter surgery for pets, please call 979-732-5591 or visit us at
