

## Thank You Stoneside Veterinary Hospital!

Stoneside Veterinary Hospital (formerly Walker Vet Hospital) is now our 24<sup>th</sup> clinic and is located in Waller County. They offer a full complement of veterinary services for your furry family member. From wellness and preventative care to more complex medicine and surgery, you will find it all at their comfortable facility located right off 290. Originally from California, Dr. Gaffrey earned a degree in Forestry before attending veterinary school at North Carolina State in Raleigh, NC. As a veterinarian, he enjoys working with the cats, dogs, small mammals, some reptiles, and even fish! Outside of the office Dr. Gaffrey is a huge hockey fan and enjoys playing roller hockey. Dr. Gaffrey and his staff are excited to be part of the PUPS network and look forward to helping many animals and their families in our area. You can find them at [www.stonesidevet.com](http://www.stonesidevet.com) or on Facebook.

### "Skippy" the 3 Legged Wonder Dog

Little Skippy is a save from Eagle Lake animal control. He is a 7 1/2 pound Chihuahua mix dog and is approximately 1 to 2 years old. Skippy is missing a rear leg but that does not slow him down one bit! This happy boy is crate trained, neutered, microchipped and vaccinated. Skippy is heartworm positive and on a proven, slow kill method. Due to his size, Skippy will need to be a mostly, indoor dog. For more information on our little Skippy, please call Cheryl at 979.732.5591 or email [k9luvrs@hughes.net](mailto:k9luvrs@hughes.net). Skippy's adoption fee is \$75.00.

## Microchips Reunite Again!

Brookshire, Texas City Pound had a Dane Mix with a tattoo on his underbelly. But a microchip wouldn't register on the scanner. Animal Control Officer Doug Worthy didn't give up. A new scanner produced a registered chip. "Jeff" the Dane mix had been missing for a month from the Magnolia area. His owners were able to claim him within a few days! We are happy that Jeff got home! Thanks Doug for going the extra mile!

**Encourage your friends,  
family and neighbors to  
microchip their pets!**

## Meet Betty!

Betty is a small, female dog from the Brookshire pound. She remains a bit shy but is warming up nicely by being held a lot by the many volunteers at adoption events. Betty is an adult, Chihuahua mix dog and is approximately one year old. She has been spayed, microchipped and has had two sets of vaccinations. Betty is heartworm positive and undergoing a proven, slow kill method of treatment. For more information on this extra special girl, please call Cheryl at 979.732.5591 or email [k9luvrs@hughes.net](mailto:k9luvrs@hughes.net). Betty's adoption fee is \$75.00.
